Unique interior baffling system that can be controlled from outside the heater allows fast start up as well as sustained slow burning. Tongue-in-groove joints keep Woodsman tight so it can burn evenly, & will hold a fire long enough for a good night's sleep on one burning.

SEWER DISCUSSION

A new directive of the Federal E.P.A. for the guidance of communities applying for grants for sewer extension require that the applicant prove such extension is cost effective Ron Michalski of Tighe & Bond told Mattapoisett Selectmen. He said that the town would have to prove that it would be economically advantageous to extend the sewer system rather than have individual homeowners update private septic systems. The guideline also requires that such extension, for which federal funds are used, be applied only to sewer homes built before 1972.

Selectmen are now gathering data to form an estimate of possible sewer extension for a period covering the next 25 years. Mr. Michalski prepared a map showing areas that can be expected to show the greatest growth potential. Selectmen will determine the pres-

The engineer said that the Bay Corporation has completed the pipe work in the present system and it has tested in a satisfactory manner. Because the remaining work is not major but sidewalk repair, railroad bed grading and other finish work he recommended that funds retained to guarantee satisfactory performance be reduced from 10% to 5% - the town to retain $50,000 to see the work completed. He asked Selectmen to approve the immediate direction of the Bay Corporation to proceed with the Route 6 work to lay pipes in the center of the highway from Pearl to Barstow Streets. He said that this work must be completed before the state overlays the road in the spring of 1979.

Because the Bay Corporation has completed its work 8 months ahead of schedule, Mr. Michalski said, they will have moved all of their equipment out of Mattapoisett by

Spring. Changeover of connection of homes already hooked into the present sewer from house directly to street might be better accomplished by a private contractor he said. These connections (about 30) have been planned into the job and parallel pipe has been laid. They now require breaking the connection to the storm drain and a new adaptor to change over to the new sewer system. Other houses which require new pipe from home to street will be the responsibility of the owner to have his own contractor make the connection. No connection to the new system can be made until the pumping station is ready to handle the flow. This will not take place until approximately June or July of 1979. Since the Bay Corporation will have moved equipment by that time, Mr. Michalski said that the connections might be more economically done by local contractor.

Michalski told Selectmen that the pumping station is now 60% complete and on schedule.

A dirty cooling system is destroying this engine and you can't even see the damage.

There's more to your car's cooling system than meets the eye. In fact, the inner-workings of your engine and automatic transmission depend on proper cooling.

A dirty cooling system will allow deposits to accumulate in the crankcase. This build-up of deposits can result in costly repairs.

But you can help avoid this expense and inconvenience with WYNN'S X-TEND Power-Flush and WYNN'S X-TEND Cooling System products. A new approach to cleaning and maintaining your automobile's entire cooling system while helping to maximize cooling system efficiency.

WYNN'S X-TEND Power-Flush unit uses pressurized water and air to flush the cooling system — including even those hard-to-reach areas.

Your automobile manufacturer recommends cooling system maintenance on a regular basis, so act now. Because when you can see the damage, it'll be too late.

Anyone who would like to see the Kit and hasn't been contacted can have an opportunity to see it by getting in touch with any Mattapoisett Boy Scout. The proceeds from the sale will go to help defray the expenses of a Spring trip.

was a semi-finalist in the State sponsored Miss America preliminary and is presently a senior at Bridgewater State College. This talented and versatile Miss can also be seen as a New England Patriots Cheerleader each Sunday afternoon.

"Dance Collective" is an unusual group for its comedic dances and abstract modern works. One of the delightful aspects of this group is its ability to keep the audience as well as the dancers on the move. They have performed throughout the State at colleges, junior and senior high schools which have reaped accolades for this multi-versatile company. "Dance Collective" consists of six choreographer/dancers and their guest artists whose unusual and intense working structure produces original exciting dance. The Company's process of rehearsals, showings, critiques and shared productions has built an impressive repertory as varied in style and content as its creators are unique. One of the dancers to be seen will be a summer resident of Wareham, Miss Ruth Wheeler, who aptly displays her sense of humor in her choreography of the "Flying Leap of the Flea". Miss Wheeler graduated in dance from Mills College, California and has been seen on WGBH, co-produced a concert at John Hancock Hall and has taught dance to children and adults for more than ten years at DeCordova Museum and Lexington School of Modern Dance.

The Scholarship Pageant has chosen this select company to sponsor as one of many events to increase the scholarship program of the future.

TURKEY SHOOT

The Sippican Rod and Gun Club will hold its monthly Turkey Shoot on Sunday, November 19th, from 1:00 to 4:00 P.M. on the clubhouse grounds at Dexter Lane in Rochester.

Shotgunners will compete from 40 yards with 12, 16 and 20 gauge shotguns. Participants may use their own guns, or ones available at the clubhouse. The Sippican Club will also hold a .22 caliber rifle and pistol shoot along with their normal shotgun event. Because of its popularity, a pheasant shoot will also be held.

Once again, the club will have a junior .410 gauge shotgun event. Participants for these shoots must be under 16 years of age. Women are also invited to participate in all shoots. If there is enough participation, the club plans to hold "women only" shoots.

The clubhouse will be open and refreshments will be available. Those interested in becoming a member may obtain applications from the clubhouse.

must for teenagers, parents, ministers, and educators. This film will long be remembered as the explosive, exciting, sometimes shocking account of a girl so tough, nothing made her cry, a girl so far gone that even death didn't want her, so addicted that she was beyond help by any known conventional means, until she found something she wanted even more than heroin.

Join us Sunday, November 19, at 4 P.M. for an unforgettable experience. A small donation will be used for the support of Teen Challenge Ministry in our area.

THANK YOU ONCE AGAIN.

I appreciate the strong support I received from so many of you who voted to re-elect me, once again, for State Representative.

And especially, I thank those hard-working people who campaigned for me. Their dedication, year after year, campaign after campaign, has always made me proud to represent this district. I was also impressed by the outstanding efforts of my supporters in the three new towns of this district.

Over the years, my reward has alway been seeing the many people I've been able to help . . . students who were able to continue their education, senior citizens who now enjoy comfortable housing, and many more of you who have special needs in this community.

As I look forward to another term as State Representative, I pledge to serve all of you as honestly and truthfully as possible.

And, as long as you permit me, I plan to contribute to serve as your representative.

of fun," and the Village Voice judged The Proposition to be simply "terrific".

Now ten years old, the Proposition has delighted audiences across the country with its whimsical, impromptu skits. The troupe's young actors and musicians "will spontaneously create people, places, situations, music and lyrics", explains a spokesman. Some past improvisations include rock operas starring the student government president, roaring twenties musicals with famous politicians on the chorus line, quiz shows, and psycho-dramas.

"Anything and everything the audience can possible imagine and have the courage to suggest" is fair game for The Proposition's skits.

Tickets to the SMU performance are available in advance at Uncle Ernie's Corner in the Campus Center.

"LIGHT UP YOUR LIFE THROUGH LITERATURE"

This year's Book Fair has something for every student. The annual P.T.C. sponsored Book Fair will be held at Center School Cafeteria and Old Hammondtown School gym. The dates are Monday, November 27th, through Thursday, November 30th. Times will be announced next week.

A book list will be sent home with each student during the week of November 20th. The list is a convenience for you and your child. You may go over the list together and decide which books are most appealing, and also, how much each book costs. This will make it quite easy for the children to shop alone at the fair.

Helpers are still needed! Please call Marianne Richardson at 758-2252 or Margaret Ferreira at 758-2952 if you can volunteer.
